

# HISTORICAL AIRSHOW 2022

## 13. DOBOVÝ LETECKÝ DEN

Dear friends and partners of Historical Air Show 2021,

As we have already informed you, in view of the pandemic situation not only in Czech Republic, we moved our 13th edition of Historical Air Show from 2020 to 12th June 2021.

We have prepared a traditionally very varied range of classic aircraft from the Czech Republic and abroad, as well as aircraft that have not yet appeared in the sky of Mlada Boleslav.

The situation with the viral pandemic, which has crippled the operation of the whole Europe and also affected the planning of our Aviation events, has not improved this year and will not allow large events with attendances of more than 10,000 spectators to be held in the upcoming months.

Therefore it is with heavy heart that we confirm our 13th edition of the Historical Air Show has to be postponed again, this time to Saturday, **June 18th, 2022**.

We thank you for your loyalty and favour to classic flying and we truly hope we will have the privilege of seeing you all next year at the interesting and no longer disturbed HISTORICAL AIR SHOW 2022.

We will inform you about the preparation process regularly.

With friendly regards

*Zdeněk Ježek*
